

CANYON NEVIDIO CANYONING

NP "DURMITOR"

one day excursion

EXPERIENCE UNSEEN!

D2

After accepting the guests at the agreed location, such as our agency Encijan in the city Foca or our camp in the very heart of the Tara canyon in the morning hours (recommended time between 9h-10h), the next is a transport to the destination.

Upon arrival at the entrance of the Canyon, short break and for coffee and preparations for the adventure. All participants are fully equipped (neoprene suits *long johns and long sleeves jackets*, life vests and helmets). After short safety briefing and short climbing course, we enter the Canyon led by experienced and certified professional guides (all guides are members of the Mountain rescue service). First 300-400m of the Canyon are not so demanding, so it is a good opportunity to adopt to surroundings and of course it is a last opportunity for ones to think again Afterwards, In the front of us there is a most demanding part of the Canyon, with serious obstacles, cascades and rapids. During next 2-3 hours we swim, dive, trough corridors and "pool" that Mother nature has been shaping for centuries, and we have opportunity to see real Nature's breath taking work of art. In the middle of our adventure, at the very heart of the Canyon, we make short energy break and try to regain strength with some energy snacks (figs, almonds, dried grapes...) Blood sugar level at this point will be very low due to all adrenaline that runs through our blood vessels. After the break, with additional strength and encouraged by experience we already had, we continue on. In the next 1-2hrs we have the same "mixture" of climbing, jumping, diving to whirlpools, descending down the slippery rocks with or without ropes and of course with all adrenaline present, finally we reach the exit of the Canyon. Upon "escape" from the Canyon and lunch in nearby ethno restaurant we go back to our base destination.
